Pataki, Gergely (H-LAJO-IM)

Supplementary notes to the theory of simple relators. (English, Serbo-Croatian summaries)

Rad. Mat. **9** (1999), *no. 1*, 101–118.

Summary: “In this paper, some published and unpublished results of Árpád Száz, József Mala and Jenő Deák on simple and quasi-simple relators (families of binary relations) are illustrated and supplemented.”
